Dolbow Insurance Agency

June 29, 2009

Dear April:

I would like to take the opportunity to thank you for the service that Global Builders provided to our client. I appreciate the time that Matt took with our client to explain the repair process; Matt made him feel comfortable in a very stressful situation. I also appreciate the promptness and professional service that Matt provided to our client, he was there within 60 minutes of the call. I had never experienced service from a builder quite like that of Global Builders. Matt took the time to call the agency and made sure that our client had specific coverage, which was necessary for the proper repairs. He was also very knowledgeable and specific with our client, as not to mislead him or provide false expectations. Our agency will be happy to recommend Global Builders to any of our clients in the future. Thank you again for all of your hard work, it is truly appreciated!

Sincerely,

Jamie Gantner, Agent

To Whom It May Concern:

I would like to take a minute to recommend Global Builders. I have known the owner of Global Builders, Jonathan Schooler, for a number of years and have had the opportunity to refer Global Builders to many of my clients. On each occasion, Global Builders has been very prompt and professional in providing estimates. When a job is accepted, they complete the work in a timely manner to exacting standards.

From my viewpoint as an insurance agent, they treat my customers with care and understanding while helping them through the difficult and unknown times of repairing their home from a claim. They also treat our claims adjusters with professionalism and respect all while being fair and up-front with their estimates.

Our clients have complimented us on recommending Global Builders to them in their time of need. They have mentioned how professional the people are and how quickly and efficiently they complete their jobs.

I will continue to recommend Global Builders to my clients.

Sincerely,

Jim Highfield

To Whom It May Concern,

On behalf of Mark A. Schaefer's Agency, State Farm Insurance, we would like to extend our gratitude to Global Builders. We have recommended your company on numerous occasions, but most recently with the wind storm that hit Ohio on September 14, 2008. We have received such positive feedback on your company in regards to the professionalism and especially the prompt service you have provided to our customers. Many of our clients called in to say the companies they called to help them with their claims, were booked weeks, even months in advance before they could assess our client's damage, but Global Builders were there providing great customer service within a days notice. We greatly appreciate all the time and effort Global Builders has put forth with this recent storm and we know with all this great response we will continue to refer Global Builders to all our customers in whatever their need may be.

Thank you again for all the wonderful work you do, we greatly appreciate it.

Sincerely,

Mark A. Schaefer, State Farm Agent and Staff.
